BAY CITIES' EXPERTISE WITH HOME DEPOT

Home Depot Routing Requirements Overview

Regional Distribution Centers (RDCs):

- Home Depot operates 18 RDCs across the U.S. and Canada.
- Products are processed within 24 hours of delivery and are not stored at these locations.

Flow of Goods:

- RDCs serve as throughput facilities, ensuring efficient movement of goods to stores or end destinations.

Quarter Pallet (QP) Display Requirements:

- Displays over 70 lbs. must be placed on a wooden pallet with access holes for lifting.
- Displays under 70 lbs. do not require pallets but should have hand holes for easier handling.

*

Shipping Labels and Placement:

- Labels must be placed accurately to ensure smooth processing and tracking.
- Specific placement guidelines must be followed for visibility and scanning during handling.

Display Types and Specifications:

- Quarter pallet display examples and specifications are outlined to ensure compliance with Home Depot's merchandising standards.
